SELF-CARE TIP

After your shower, apply the Body R&R body butter directly on your skin, everywhere you want moisture. Allow it to absorb into your skin. A little goes a long way. A lot goes even further!

Relax and enjoy the rest of your moisturized day!

Ingredient Spotlight

-Cocoa Butter-

Cocoa butter, extracted from the cocoa bean, is known for naturally healing dry, sensitive skin. It soothes sensitive skin suffering from dermatitis or rashes and helps diminish signs of aging. Other benefits include:

- Improves skin elasticity
- Reduces appearance of stretch marks and blemishes
- Improves skin tone
- Soothes burns, marks, infections
- Reduces inflammation
- Treats chapped lips
- Use as a shaving cream

One of our favorite food groups, chocolate, is made from cocoa beans! Cocoa butter is edible and has a natural chocolate scent. We use pure, raw Cocoa butter as the main ingredient in our products because it is rich in antioxidants and is easily absorbed into the skin for moisture that remains for hours.
